

# Harpy Lifetime Achievement Award

Rt Hon Harriet Harman MP

The **Anti-Feminism League** is proud to present the Rt Hon Harriet Harman MP with a **Harpy Lifetime Achievement Award** in recognition of her misandry and relentless pursuit of special treatment for a minority of women at the expense of all men and the majority of women. Her lies and manipulations as a government minister (1997-2010) earn her a unique position as the most undemocratic harpy of her generation. The League recommends the website <http://harrietharmansucks.com>.
