

# Whiny Woman of the Month

## Dina Rickman

J4MB presents its Whiny Woman of the Month award for June 2014 to Dina Rickman, a London-based 'journalist'. She appeared with Mike Buchanan on a panel discussion about 'subtle sexism' on *London Live TV*.<sup>1</sup> Mike explained that British men and boys are disadvantaged in at least 20 areas, and he'd be happy to outline the areas if asked to. He then challenged the three ladies (including the presenter) to identify even one area where British women and girls are disadvantaged. Ms Rickman then came out with a gem, 'The gender pay gap'. Seriously, she did. A supporter created a 'Meme of the Week' in her honour.<sup>2</sup>
