GORMLESS FEMINIST OF THE MONTH

J4MB¹ presents the August 2014 'Gormless Feminist of the Month' award to Jessica Valenti, a *Guardian* 'journalist', following an article² by Janet Bloomfield. In the week of the centenary of the start of the First World War, in which vast numbers of men (and very few women) were killed and maimed, and many boys shamed into enlisting by the White Feather campaign, Valenti saw fit to tweet a photograph of herself sporting a top with the slogan, 'I BATHE IN MALE TEARS'. Can vile feminists like Valenti be so utterly hate-driven and *stupid* as to not understand the men's human rights movement and #WomenAgainstFeminism?³ Yes, they can.
