I agree with EVERYTHING in this book. My main issue is the unlicensed photograph OF ME on the cover.

1.0 out of 5 stars **Book written in genius code**, January 23, 2015

Mike Buchanan is a very clever and articulate man. This book on the surface seems to be senseless nonsense words so I realised it must be a code!

I carefully took the third word on each page and this is what I came up with:

"women womenz wahwah boobies frightened no no mummy fart noise troll doll here comes the hot stepper (turn it up)"

Better isn't it.

1.0 out of 5 stars **The only good woman is a virgin whore. - "Freddie Bell Jones"**, January 23, 2015

By

[Lauren](#) - [See all my reviews](#)

**This review is from: Feminism: The Ugly Truth (Kindle Edition)**

I bought this ebook because I hate all women including myself. Why can't all women just be lobotomized at birth so they don't run the risk of developing identities and personalities. How are old white men supposed to continue controlling the world and all of it's resources if women are allowed agency over their own lives? It's a very scary thought...

I only gave this book one star because it didn't give me any specific instructions on how to oppress the women in my life, or maybe I was too stupid to understand. Please make a version for dumb broads like myself. #nofatchicks

1.0 out of 5 stars **J4MB 4 Life!!! WE ♥ YOU Mike!!!**, January 23, 2015

By

[Heather](#) - [See all my reviews](#)

**This review is from: Feminism: The Ugly Truth (Kindle Edition)**

As a young girl, I was constantly bombarded by man-hating shrill anthems like Shania Twain's "Man! I feel like a woman" and Xtina's "Fighter." Imagine how alone I felt while I had to lie through my teeth and sing along to these songs that had the explicit agenda of empowering women.

The dark and stormy clouds parted; my blood coursed through my veins with an electric energy I had never felt before. My favorite boyband, JUSTICE 4 MEN & BOYZ, had entered my life and there was no turning back.

TO ALL THE HATERS WHO ARE POSTING ABSOLUTE VITRIOL ABOUT J4MB AND MIKEY (WE ♥ YOU 100%!!!! DON'T EVER STOP):

Y'all have terrible taste in music.

As I'm sure everyone knows, we women folk have very tiny brains. So tiny, that it makes readin all these big words real difficult. This would have been so much better with a lot more pictures. Preferably about shoes, handbags, and makeup...you know stuff us lady folk actually care about.

By

[Sherryl Paylor](#) - [See all my reviews](#)

Don't let this book keep you from visiting England. Though well thought out and full of careful observations, I just cannot abide the blatant Anglophobia on parade here and so I have to give it one star. Really there was no stone left unturned as frightening images of British women and their habits ran from a simple dental hygienist (cover photo) all the way up to members of Parliament.

1.0 out of 5 stars **That's not how you spell Feminazi**, January 23, 2015

By

[Rachel](#) - [See all my reviews](#)

**This review is from: Feminism: The Ugly Truth (Kindle Edition)**

My husband threw this book at my head when I didn't have his dinner ready on time last Sunday. This hurt a lot, since it's an ebook and iPads aren't so light when they get you between the eyes! Ha ha! Ha! Anyway, it has really changed my worldview and I sincerely apologize for my years of oppressing men! My only complaint is that the author misspelled Feminazi (my husband assures me that's the correct term.).

This book does an amazing job of crying about how hard it is to be the most privileged demographic in the history of the universe. It's like really really hard owning and running everything in the world you guys. Seriously.

Also hey women maybe brush your nightmare teeth once in a while.

This book only runs Windows 95. I really don't understand why, Microsoft licenses windows for devices under 9 inches and this book is 8 and a half inches of space alien's poop.

The thing that got me about this book was the picture on the front. I really liked it and thought it was an actual feminist I saw a few weeks ago but then I realized it was every women, ever. I am so anti-woman, I decided to be gay now. Thank for all the help. Praise men.

1.0 out of 5 stars **Not enough pictures (and no pop ups)!**, January 23, 2015

By

[I.McCabe](#) - [See all my reviews](#)

**This review is from: Feminism: The Ugly Truth (Kindle Edition)**

Stunning book. As a man I could totally relate. The cover was so gripping I clicked 'buy it now' straight away (not 1 click buy it now, like a lazy feminist though), the popup window asking me "Really?" at every stage during checkout was a little distracting but I eventually got it downloaded. Then I had to print it out, as I refuse to read it on a tablet (do you know the company that builds tablets hire women?)

When I sat down to read it, I was blown away by the depth and coverage of the book: Rarely talked about topics like how feminists are only born under a full moon when the mother is in a cranky mood and various other scientific facts that have long been kept secret by the radical feminist media.

We rarely see an accurate account of the feminist diet, so the various cooking tips for how they boil human-man blood were real eye opening, I will definitely be checking with the restaurants I frequent to make sure my meals are prepared feminist-free as I absolutely do now wish to catch it.

Unfortunately, because of work, I cannot move into the human sized hamster ball you recommend to avoid catching feminist ideals, but I will try and avoid the various locations you advised to minimize my risk of coming into contact. As much as I loved hanging out in the pants section of womens departments stores, I will be doing my loitering in the mens section from now on.

This book has had such an impact on me, and I've very grateful for you taking the hours to writing it. I also really appreciate you listing all your sources in the back of the book so I could follow up with my own independent research. The amount of wikipedia entries you had to read to get all your scientiic knowledge was impressive, though some of the entries are a little different now, maybe the radical feminist mafia? Also do you have an email address for "Fred B.J." who is listed several times in the bibliography as a source?

The only downside to the book was the amount of words, like many of your fans I cannot read, so was hoping for more for a picture book, I had to have this one read to me by a friend, and he got a paper cut :( (BTWs do I invoice you for that, or the paper company?). So maybe you could release a picture book print version? Ooooh maybe a popup, with like an angry crocodile (frowny face) representing the feminists?

Will there be a second book?

Maybe Feminism, The Makeover - a la Queer Eye for the Straight Guy - as I really need to know what happens to the main character?

1.0 out of 5 stars **DIDT?**, January 23, 2015

By

**[David McFarlane](#)** - [See all my reviews](#)

**This review is from: *Feminism: The Ugly Truth (Kindle Edition)***

Not enough history IMHO. Let's start at the start: The Bible! Back in the garden, when it was all lions and lambs and trolls getting along, man was made FIRST, then Eve. Genesis put women in their place. They stayed there until the 20th century, when women began wearing clam digger pants and voting to kill babies, some of which survived to become little girls who played with—not Barbie or plastic typewriters—but TROLL DOLLS. Too masculine! Now look where we are. I wish this book talked more about how we got here, away from the biblical days of marital rape and Fairy Tales about trolls eating little girls with too much gumption. Good cover though.
