

Jess Phillips MP

Toxic Feminist of the Month

[J4MB](#) presents to [Jess Phillips](#), a Labour MP, the **Toxic Feminist of the Month** award for November 2015. She was elected an MP in May 2015, after being selected as a candidate from an all-women shortlist.

Her House of Commons [maiden speech](#) must surely be the most idiotic maiden speech in the history of parliament. She based it on the absurd feminist narrative about the gender pay gap, and as we'd expect from a narcissist, the primary focus of her speech was herself. She mocked her husband for having no formal qualifications, then boasted of her own. In an infamous [committee meeting](#) she laughed at an application by Philip Davies MP to have a debate on men's issues in the House on International Men's Day, November 19.
