

# Paul Elam

**Justice for Men & Boys (and the women who love them)** is pleased to present a Churchill award to Paul Elam, an American, possibly the most well-known Men's Rights Activist (MRA) in the world. A former mental health professional, he launched A Voice for Men (AVfM) in 2009, and An Ear for Men (AEfM) in 2015. He hosted the first International Conference on Men's Issues, in Detroit, in 2014. His influence on the modern Men's Rights Movement (MRM) is incalculable. His courage in challenging feminist ideology, and advocating for the human rights of men and boys, make him a worthy winner of this award.
