

ADVICE TO YOUNG MEN IN THE UK

15 ACTIONS TO SURVIVE THERESA MAY AND ALISON SAUNDERS' FEMINIST REIGN OF TERROR

THERESA MAY
PRIME MINISTER

ALLISON SAUNDERS - HEAD OF
CROWN PROSECUTION SERVICE

LONDON
METROPOLITAN POLICE

DID YOU KNOW THAT IN THE UNITED KINGDOM TODAY?

- Women's claims of abuse and victimization at the hands of men are always assumed true by the police.
- Men can be arrested and held in custody for 24 hours without being told why.
- Women's statements alone can deny a man the right to see his children.
- There are no definitive civil rights guarantees for men based on family courts' right to determine what is considered to be a threat to a woman or the family.
- The Crown Prosecution Service (CPS) has a de-facto policy of prosecuting all allegations made by women against men.

This gives women the ability to make false claims and exert extreme leverage over men, for any number of reasons, that can literally ruin men's lives before they have had a chance to prove their innocence. We have all seen the news stories about the actions and policies of the Home Office, the Police and the Crown Prosecution Service since 2010, when Theresa May and Alison Saunders took over and applied radical feminist policies. Absurdities in which men's lives are ruined by women making public accusations, many of which have later been proven to be false or exaggerated beyond recognition.

Feminism isn't about equal rights for women. It's about criminalising, humiliating and emasculating men. It is about taking everything men have worked for - their homes, families and careers, away from them at any opportunity. Protect yourself.

WE ARE LIVING IN A TIME OF CENTRAL GOVERNMENT FAILURE

The world has changed. State policy and state bodies have become the number one enemy of families and men. There is a state failure to invest in physical infrastructure such as road and trains. There is a state failure to invest in social infrastructure such as health care and schools. There is a state failure to defend against Islamic terrorism. The state is now re-directing funding from these core functions that create and defend prosperity to destructive agencies such as the Police, the Crown Prosecution Service and Social Services to attack and destroy the civil rights of boys, men and families and decimate our quality of life. The result will be further societal breakdown as the family, the fundamental building block of society, is further destroyed by Theresa May, Alison Saunders and other feminists.

WHAT TO EXPECT UNDER THERESA MAY'S TENURE AS PM – FIVE-POINT SUMMARY

- **Increased Assault on Human Rights for Men** – She wants to repeal the Human Rights Act, which provides human rights for all, but retain the Equality Act 2010, which de-facto defends human rights for women and protected minorities. Net result: only men lose their human rights.
- **Surveillance of Men** – She drove through passage of the Investigatory Powers Act, which retains 12 months of your website data and makes it available to local police forces and social services without a warrant.
- **Doublespeak and Word Twisting** – A prime example is Violence Against Women and Girls (VAWG), which is a set of male-hate policies using the front of domestic abuse for criminalising men and putting hundreds millions of pounds annually into the pockets of feminists whilst destroying families.
- **Politicised Justice** – Appointed feminist Liz Truss as Justice Secretary despite her complete lack of legal experience. Appointment of Ms Cressida Dick as head of London Metropolitan Police despite her overseeing the police operation that shot innocent Brazilian Jean Charles de Menezes 7 times in the head on the London tube.
- **Gender War through Lies & Statistics** – She manipulates facts, e.g. she defines gender pay gap as the difference between the median salary of men vs the median salary of women without adjusting for line of work, seniority, experience, education, hours worked, performance, time spent away from home, risky working environment, etc. No economist takes this fabricated gender wage gap seriously.

HOW TO BECOME INFORMED ABOUT MEN'S ISSUES & GENDER POLITICS

- **Justice for Men & Boys (J4MB) – Donate to this group.** J4MB is a British political party campaigning for the human rights of men and boys, the only such party in the English-speaking world. (www.j4mb.org.uk).
- **William Collins – Long reads with hard facts and analysis for healthy government policy making.** He truthfully examines and analyses men's issues – an authoritative counter to the false propaganda put out by the feminist groups. Every MP should use his analysis as the basis for fair government policy. (mra-uk.co.uk).
