Sadly we no longer present "Gormless Feminists of the Month" awards, or you'd be the latest recipient.

What a pity that Ms Drivelvelli couldn't find room in her condemnation of "alt-right ideology" to condemn Stalker BlaCKford and his thuggish cronies for their shameful treatment of Charles Kennedy, and BlaCKford's recent disgusting and disgraceful attempt to rewrite history with himself cast as the victim.

Is this really the hot topic on everyones lips ? naw ! It's just another nail in this "writers career coffin as she deflects away from real topics affecting Edinburgh and Scotland . Please let her go . It's so brazenly pointless i saw no point in completing it .
Leave up with the mention of some one on talk: in 2000

The Windows taskbar at the bottom shows the search bar with 'Type here to search', several application icons (including Amazon, YouTube, and various office apps), and the system tray with the date and time: 08:00 12/08/2018.
