

Harpy Lifetime Achievement Award

Germaine Greer

Justice for men & boys (and the women who love them)¹ is pleased to present **Germaine Greer** with a Harpy Lifetime Achievement Award. This loathsome woman – a self-declared Anarchist Communist – argued in *The Female Eunuch* (1970) and *Sex and Destiny* (1984) that the nuclear family is a bad environment for women and for the raising of children. She has repeatedly stated that misogyny is common among men, which is manifestly not the case. Men relentlessly advantage women at the expense of other men – individually or as taxpayers – in many areas, 20 of which are in our public consultation document.² In a *Daily Mail* article³ published 27 April 2014 Greer was reported as having made the following ridiculous statement:

‘Twitter trolls and online porn mean we’ve never had it so bad as women.’
