

Whiny Feminist of the Month

Harriet Harman MP

J4MB¹ presents its **Whiny Feminist of the Month** award for July 2014 to Harriet Harman MP, Labour's deputy leader. The woman has been an enemy of men, women and children throughout her parliamentary career, starting in 1982. Her evil influence was considerable while she was a cabinet minister in the Labour administrations of 1997-2010. She was the first 'Minister for Women', a post the Conservatives have retained, to their shame. With such a whiny woman we need some light relief. We recommend an article² titled, 'Women still face discrimination, says jumped-up cow from London'.
