Professor Janice Fiamengo has much to say on this topic (and other feminism-related topics) on her Substack account <https://fiamengofile.substack.com/>. A good start in relation to this article from Julie B would be, "Anti-trans Feminists Are Now Reaping the Whirlwind (but they won't admit they sowed the wind)":

I'm looking forward to Janice's keynote speech at next year's International Conference on Men's Issues in Budapest https://icmi2024.icmi.info/?page_id=21. It's titled, "Calling a Moratorium on Women's Tears: How Women Use Damselling to Manipulate Men, and Why Men Must Resist It." Four of the 11 speakers at the conference are women.

Have a nice day.
